31 July 2020

# INVESTMENT MANAGER'S COMMENTARY

Honeycomb Investment Trust plc (the "Company") delivered a NAV return of 0.61% for the month, which is equivalent to 7.2% per annum.

The NAV return continues to improve month on month with provision charges reducing as many customers end their forbearance plans and return to full payments across all sectors.

### **Portfolio Composition**

During August, the company disposed of £44.6 million of consumer unsecured whole loans to Tandem Bank. This disposal is in line with the Company's strategy of focusing on secured credit assets with first loss protection from the borrower. This disposal reduced the Company's exposure to unsecured consumer whole loans to less than 9% of investment assets (June 2020: 16%). Tandem Bank also acquired Allium Lending Group ("ALG") in the period and the Company sold its equity stake and structured loan in ALG in exchange for equity in the Bank.

The portfolio continues to perform well with the majority of underlying customer loans (both owned directly and financed through structured facilities) now out of COVID forbearance. We are also seeing non-bank lenders tentatively re-enter the lending market with restricted scorecards as the economy has started to re-open.

## Investment Assets and Leverage

Net investment assets reduced from a peak of £595m in February 2020 to £537m at the end of July. Cash collections have remained

strong, driven by the structural benefits of the strategy and prudently managing the Credit Asset portfolio. The Company's outstanding debt has reduced from £222.5m to £187.4m in the same period. The debt to equity ratio decreased from 58.2% to 50.2% over the same period.

# Share Buy Backs

The Company has continued its share buyback program in August with the aim of reducing the discount between the NAV and share price. In August this has seen the Board buy back 444,842 shares representing 1.1% of the total share capital bring the total buybacks year to date to 3,379,842 or 8.6% of the total share capital. The Board is committed to continuing this buyback program until the share price is less than a 5% discount to NAV. The share price has increased from 763p at 31 July to 820p at 28 August.

\* ITD: Inception to Date - excludes IPO Issue Costs \*\*\* Recognised in the month when marked ex-dividend NAV return excluding effect of capital raise and issuance at a premium would have been 0.77%

Based on IPO Issue Price of 1000p

<sup>(2)</sup> Inception to date NAV return affected by IFRS 9 initial recognition on 2018 brought forward retained earnings  $^{(3)}$  NAV return excluding effect of capital raise and issuance at a premium would have been 0.63%

\*\*\*\* Based upon the number of shares at the ex-dividend date

<sup>(4)</sup> NAV return excluding effect of buy backs would have been 0.66%

### **Background and Investment Objective**

Honeycomb Investment Trust plc (the "Company") is a specialist lending fund whose investment objective is to provide shareholders with an attractive level of dividend income and capital growth through the acquisition of interests in loans made to consumers and small business as well as other counterparties.

The Company may also make selected equity investments that align with the Company's strategy, and that present opportunities to enhance the Company's returns from its investments.

The Company believes that consumer, property and SME loans are asset classes that have the potential to provide attractive returns for investors on a risk-adjusted basis. Changes in the focus of mainstream lenders together with the implementation of new models that utilise data, analytics and technology more effectively, provide an opportunity to deliver better products to borrowers while generating attractive returns for the Company.

The Company and the Investment Manager seek to acquire credit assets which meet the specified underwriting criteria through two routes; (1) providing structured loans to specialist lenders; and (2) acquiring portfolios of whole loans.

#### **Investment Features**

- Investment team has a combined 100+ years credit underwriting and consumer lending experience.
- Highly granular and well diversified portfolio.
- Majority of portfolio benefiting from downside protection or seasoning.
- 8% targeted dividend on issue price when fully invested and leverage applied, payable quarterly.
- \_ UK Investment Trust tax treatment.

#### **Important Disclosures**

This newsletter is issued in the United Kingdom by Pollen Street Capital Limited. It is provided for the purpose of information only and should not be construed as constituting an offer, solicitation, invitation or inducement to buy or sell shares in Honeycomb Investment Trust plc ("the Company"). If you are unsure of the suitability of this investment you should take independent advice. All data in this factsheet is at or to the final day of the calendar month identified in the heading of the factsheet's front page unless otherwise stated. Investors should read the prospectus or offering memorandum before investing in the Company.

Net Asset Value performance is not linked to share price performance and shareholders may realise returns that are lower or higher in performance. Past performance should not be seen as an indication of future performance. The value of investments and any income may fluctuate and investors may not get back the full amount invested. The views expressed are those of the Company's Investment Manager, Pollen Street Capital Limited, as at the time of writing. These are subject to change without notice and do not constitute investment advice. Although the Company and Pollen Street Capital Limited have used reasonable efforts to ensure the accuracy of the information contained in this newsletter, neither the Company nor Pollen Street Capital Limited make any warranties or representations with respect to the completeness or accuracy of the information set forth herein and the full impact of Covid-19 on markets and investments may not be foreseeable for some time. Examples of investment process, risk management, due diligence, position sizes, diversification, leverage, assessment of risk and similar information (together, the "Investment Programme") are presented as general guidelines used for illustration purposes only and are subject to change without notice to investors at any investments of the Company may differ substantially from examples set forth in this newsletter. Accordingly, actual implementation of the Investment Program may vary from the examples presented herein.

This newsletter may not be distributed or transmitted in any jurisdiction outside the United Kingdom where such distribution may lead to a breach of law or regulatory requirements, or transmitted, distributed or sent to or by any national, resident, or citizen of any nation other than the United Kingdom. The distribution of this document in certain jurisdictions may be restricted by law and therefore persons into whose possession this document comes should inform themselves about and observe any such restrictions. Any such distribution could result in a violation of the law of such jurisdiction.

Pollen Street Capital Limited is authorised and regulated by the Financial Conduct Authority and is registered in England (reg. no. 08741640) with its registered office at 11/12 Hanover Street, London, England, W1S 1JJ.

#### Glossary

NAV (Cum Income) is the value of investments, other assets and cash, including current year revenue, less liabilities.

NAV (Ex Income) is the value of investments, other assets and cash, excluding current year revenue, less liabilities

NAV Return is calculated as NAV Cum. Income at the end of the period, plus dividends declared during the period, divided by NAV Cum. Income at the start of the period, calculated on a per share basis.

Share Price closing mid-market share price at month end (excluding dividends reinvested).

Premium / (Discount) the amount by which the price per share is either higher (at a premium) or lower (at a discount) than the NAV Cum. Income, expressed as a percentage of the NAV Cum. Income per share.

Net Assets total assets minus any liabilities.

Market Capitalisation the closing mid-market share price multiplied by the number of shares outstanding at month end.

Debt to Equity the value of total leverage including any accrued interest and fees divided by the NAV

Annualisation Methodology Monthly returns have been calculated by multiplying the actual number of days in the year divided by the actual number of days in the month.
